Anti-aging Retinol Cream: \$39.45 2 oz

NEW PROFESSIONAL PRODUCT

Anti-aging and discoloration problem solving AHA Kojic Acid Peel: \$75

In-Office peel treatments to even skin tone and discoloration and to jump start a complete skin rejuvenation process. Kojic peel can be performed in combination with a mild facial treatment for a full service procedure. Combination Alpha Hydroxy Glycolic, Lactic and Pyruvic Acids with Kojic acid, Bearberry and melanin production to inhibit skin discoloration and melanin production.

Protocol

This AHA 55% Peel should only be used every 2-3 weeks. For best results use with other hyperpigmentation products.

Application

Peel: Remove makeup, cleanse and rinse skin. Apply to gauze pad and buff skin in a circular motion. Rinse with water after 1-3 minutes. Can increase application time period as tolerance builds. Post-Peel: Apply Hyaluronic Cream and Sun Block.

CAUTION: Avoid eye area. Discontinue use if excessive redness or irritations occur.

Results Skin will appear clean, firm, youthful-looking and have a more even skin color.

Ingredients: Distilled Water, Glycolic Acid, Lactic Acid, Kojic Acid, Licorice Extract, Bearberry Extract, Citric Acid, Malic Acid, Sodium Lactate, Sodium Hydroxide, Xanthan Gum, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol.

Skin Types

Normal, Hyperpigmentation, Mature, Sun Damage

POWERPLEXES

Anti-aging Hexapeptide Serum: \$43.25 1 oz

Relaxes your facial muscles, nourishes your skin cells and moisturizes, making your skin look younger and healthier. Daily application of Hexapeptide Serum can dramatically reduce the appearance of fine lines and wrinkles as well as improve collagen, elastin, and skin firmness. Hexapeptide combines a complex of oligopeptides obtained by biotransformation of native proteins (okra) with Acetyl Hexapeptide-3 and Hyaluronic acid. Hexapeptide actually goes further than the other "Botox ® Alternatives", as its efficacy against mechanical parameters of aging (muscle contractions) is complemented by a biological one (nourishes & moisturizes), offering a non-surgical anti-wrinkle approach to skin care and anti-aging.

Application

Ensure that skin is clean. Apply a few drops of Hexapeptide Serum to your fingertips and gently massage into the skin to be treated (eye area & forehead). Allow to absorb into skin and let dry. Regular moisturizer, make-up or sun protection can be applied after absorption. Apply twice daily for 30 days to achieve best results. Nourishes, moisturizes & firms the skin, penetrating fast into the skin.

Ingredients Distilled Water, Hyaluronic Acid, Acetyl Hexapeptide-3 (Argireline), Hibiscus Extract, Seaweed Extract (Plankton Extract, Sea Buckthorn Extract, Watercress Extract, Marine Algae), Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol.

Anti-Aging Vitamin C 27% Potent: \$41.25 1 oz

Free radical scavenger in highest concentrated dose of Vitamin C. Excellent for sun damage and wrinkles, nourishing and moisturizing skin. Formulated to reduce signs of aging. Especially recommended for eye and lip area. You will see the difference. Shelf life: 2-3 months.

Application

For all skin types. Apply to clean skin and allow to dry. Apply daily and after peel to nourish and moisturize skin. Store in a cool & dark area.

Ingredients Distilled Water, L-Ascorbic Acid, Green Tea Extract, Orange Extract, Sodium Hyaluronate, Vitamin E, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol.

Cleanser & Toner

Anti-aging Green Tea Cleanser: \$12.50 4 oz

Green Tea is an extremely effective antioxidant, seeking and destroying free-radicals as well as releasing polyphenols to energize and revitalize the skin. Green Tea Cleanser is especially formulated for all skin types to cleanse and balance the skin's natural pH level. Small concentrations of glycolic and lactic acids increase the depth of cleansing and promote the natural turnover of the skin's cells. Aloe and Chamomile extracts enhance the nutritional and purifying benefits, providing anti-irritant, anti-inflammatory, and anti-bacterial properties for cleaner and healthier skin. Green Tea Cleanser can be used on its own as a daily cleanser and refresher or as part of an effective skin care regime for more vibrant skin rejuvenation.

Application

Using fingertips apply with a circular buffing motion and gentle pressure.

Rinse with water pat dry. Follow up with Green Tea Toner. Skin will be deeply cleansed and appear refreshed with the benefit of natural Green Tea anti-oxidants.

Ingredients Green tea Extract, Aloe Barbadensis Gel, Chamomile Extract, Deionized Water, Sodium laureth Sulfate, Cocamide DEA, Hydroxyethyl Cellulose, Glycolic Acid, Lactic Acid, Citric Acid, Allantoin, Bisabol, Tocopheryl Acetate (Vitamin E), DMDM Hydantoin, Iodopropynyl Butylcarbamate, Yellow 6, Benzophenone-4 Disodium EDTA.

Anti-aging Green Tea Toner: \$12.50 4 oz

Enriched with nutrients including anti-oxidant Green Tea Extract Polyphenols, Cucumber extract and Aloe Vera extract to help calm, soothe and revitalize the skin.

Application

Apply generously to clean skin. Balances the skin's pH level and energizes the skin's upper layer with Green Tea Polyphenols and nutrients to leave the skin feeling rejuvenated, free of residual oils and firmer.

Ingredients Green Tea Extract, Aloe Barbadensis Gel, Distilled Water, Glycerin, Polysorbate-20, Witch Hazel, Tocopheryl Acetate (Vitamin E), Ginseng Extract, Cucumber Extract, DMDM Hydantoin, Iodopropynyl Butylcarbamate, Disodium EDTA.

CREAMS

Anti-aging Hexapeptide Cream: \$36.25 2 oz

Hexapeptide is a light weight cream that relaxes your facial muscles, nourishes your skin cells and moisturizes, making your skin look younger and healthier. Daily application of Hexapeptide cream can dramatically reduce the appearance of fine lines and wrinkles as well as improve collagen, elastin, and skin firmness. For best results, use Hexapeptide serum or power vitamin C as a base.

Application

Clean the skin well. Using fingertips apply cream with a circular buffing motion. Skin appears smoother and more youthful. Dramatic results over a short period of time.

Ingredients Distilled Water, Jojoba Oil, Apricot Kernel Oil, Squalane, Acetyl Hexapeptide-3 (Argireline), Hibiscus Extract, Hyaluronic Acid, Glycolic Acid, Sodium Lactate, Pyruvic Acid, Laureth-7, C13-14 Isoparaffin, Polyacrimide, Butylene Glycol, Seaweed Bio-Peptide Extracts, Fragrance, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol.

Anti-aging Hyaluronic Cream: \$34.80 2 oz

Formulated for all skin types. The unique properties of Hyaluronic Acid make it the ideal anti-aging treatment that is part of a good skin care routine. Hyaluronic is regarded as one of the best moisturizing ingredients available due to its moisture retention properties.

Application

For best result use cream during the day and the night. Apply to clean skin and allow to dry. Skin will be hydrated and visibly moisturized. Will nourish and moisturize skin. Apply daily or as directed. Store in a cool & dark area.

Ingredients: Distilled Water, Jojoba Oil, Apricot Kernel Oil, Squalane, Hyaluronic Acid, Laureth-7, C13-14 Isoparaffin, Polyacrimide, Butylene Glycol, Seaweed Bio-Peptide Extracts, Fragrance, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol.

Anti-aging Retinol Cream: \$39.45 2 oz

Richly textured and quickly absorbed this elegant cream with stabilized Retinol promotes cell turnover and skin rejuvenation. Regular application will result in firmer, smoother, healthier skin.

Application

Apply to clean skin after a powerplexes like Vitamin C 27 or Hexapeptide Serum. Not recommended for sensitive skin types. Cell turnover rate will increase leading to an increase in collagen production and softer, younger looking skin.

Ingredients Distilled Water, Jojoba Oil, Apricot Kernel Oil, L-Ascorbic Acid (VitaminC), Squalane, Hyaluronic Acid, Soy peptide Extract, Retinyl Palmitate(Vitamin A), Laureth-7, C13-14 Isoparaffin, Polyacrimide, Butylene Glycol, Seaweed Bio-Peptide Extracts, Fragrance, Phenoxyethanol, Caprylyl Glycol, Potassium Sorbate, Hexylene Glycol.
